

KINGSTANDING TOGETHER

TO EVERYONE WHO EVER QUEUED ON KINGS ROAD

In 1935 this building taught every Odeon in Britain how to look.

In 2026 they turned the lights off.

For ninety years this was where Kingstanding met — first dates in the back row, full houses on a Friday, bingo wins your family still talks about. Now the doors are bolted.

Enough signatures put the Odeon on Birmingham City Council's desk — and reopen it as a community hub: events, groups and support, right where they've always been.
